Directions from Barbican tube station

The Barbican is our nearest tube station. Turn left after exiting the station (there is only one exit at Barbican) and carry along Aldersgate Street until you reach the first set of traffic lights. Continue straight over the traffic lights onto Goswell Road and then take the second turning on the left (Northburgh Street). We are approximately half way down the street, located on the right hand side.

Directions from Old Street tube station

There are many exits from Old Street tube station. It is important that you take EXIT 7 from Old Street tube station. Once you have exited the station at EXIT 7 continue along Old Street until you reach the fourth set of traffic lights on the corner of Goswell Road and Aldersgate Street. Turn right onto Goswell Road, cross the road and then take the second turning on the left (Northburgh Street). We are approximately half way down the street, located on the right hand side.
